

BITTER FEELING AMONG MINERS

Recent Intrusion of State Troops Into the Anthracite Region.

STRIKE IS SPREADING

None of the Men Out Went to Work this Morning, But Many Others Quit.

CRISIS MAY COME THIS WEEK

Shenandoah, Pa., Sept. 24.—[Special Telegram]—Before daylight troops were on the move. Every colliery in this vicinity was visited by soldiers as a moral effect.

No attempt was made by the miners to go to work this morning. Everything is absolutely quiet.

Every colliery between Mahoney City and Ashland, representing about fifteen thousand employees is closed tight. Twenty two hundred soldiers are mobilized here.

The funeral of John Cholewicki, killed in the riot on Friday night, took place at eight o'clock this morning from the Polish church attended by thousands of employees who accompanied the remains to the burial grounds.

Gen. Gobin is refusing requests for troops to guard the collieries until occasion warrants.

Wyoming Region Quiet

Wilkesbarre, Sept. 24.—[Special Telegram]—The strike situation this morning shows no change in the Wyoming region. The crisis is believed to be reached and this week will decide whether the strikers or operators win. The Moccasin colliery resumed operations this morning practically full handed.

Militia Is Not Needed.

Hazleton, Pa., Sept. 24.—[Special Telegram]—Three companies of the eighth regiment, commanded by Col. Huntington marched into MacAdoo from Shenandoah at five o'clock this morning. Burgess McGeehan told the colonel the militia was not needed. The presence of the soldiers caused a bitter feeling among the strikers who are now more determined to extend the shutting down. They way the militia was called to overawe.

There was no violence or trouble in the vicinity of Hazleton this morning. All the mines south of this city are closed. Latimer was opened with a reduced force despite the fact that the operators had men up all night drumming for men to go to work. The Judda group of mines were opened with a few less men than were in Saturday. The Markle mines are getting out two fifths of the normal output.

Other collieries on the north side were opened with a few less men than they had last week.

Public notice was given by the Hazleton retail association that no credit will be given to customers after tomorrow.

WERE CAUGHT BY CUPID

Miss Annie Houghton Married.
Miss Annie Houghton, a daughter of Walter Houghton, formerly of this city, was married on August 8, at Cape Colony, South Africa. The following notice was published in the Cape Town Times. Rees-Houghton—On Wednesday, August 8, at St. Luke's church, Salt River, by the Rev. Taylor, James Blower Rees, of Usk, Monmouthshire, to Anna Letitia, eldest daughter of Walter Houghton, Salt River, Cape Colony.

Death of Marshal Campos.

London, Sept. 24.—A dispatch to the Standard from Madrid on Sunday says:

"Marshal Arsenio Martinez de Campos died this morning at Zarauz, near San Sebastian. He had been suffering for some time with diabetes, and on Friday became suddenly worse."

Marshal Campos, known to Americans principally as the most humane captain general Cuba ever had, is to Spain the man who put down the Carlist rebellion and who, with General Jovellar, placed Alfonso XII. on the throne, and as such he will live in Spanish history.

A Nonagenarian Vicar.

E. W. Vaughn, the nonagenarian vicar of the church of Llantrif, in the vale of Glamorgan, Wales, seems perfectly in keeping with his surroundings, as the church he preaches in is built on grounds which represent the most ancient Christian center in the British Isles as a daughter of Caractacus, mentioned by St. Paul under the name of Claudia, is said to have founded a Christian church there about A. D. 63.

NO PEACE FOR AGUINALDO.

Filipino Leader Says He Will Not Compromise.

Manila, Sept. 24.—Senor Buencamino has received from Aguinaldo an answer regarding his peace proposals. Aguinaldo declines to consider them and declares that he is unwilling to agree to a compromise.

The amnesty expired Sept. 21, and the conditions that existed previously have been resumed.

An insurgent proclamation, signed last month by Aguinaldo, directing that American prisoners be set at liberty, that good treatment be accorded to captives and that \$40 be paid to each American surrendering, has reached Manila.

Unemployed in Great Cities.

Over 3,000,000 of our population are in annual need and actually receive some kind of charitable assistance. In New York city there are on an average more than 100,000 unemployed persons.

ARRANGING DATES FOR THE SPEAKERS

LA FOLLETTE CONTINUES HIS TOUR IN THE STATE.

Speaks Tonight at Kenosha and Tomorrow, Night at Oshkosh—Congressman Littlefield and Speaker Henderson Will Be in the State all of Next Week.

Milwaukee Sept. 24.—Assistant secretary William Richter of the republican state central committee, upon whose shoulders has fallen the task of arranging dates and assigning speakers for the republican campaign rallies in all sections of the state, has made good headway with his schedule. There are still, however, many dates which have not been definitely decided upon, while several speakers whose services are to be placed at the committee's disposal, have not been assigned. By the end of this week, however, Mr. Richter expects to have his work in such shape that campaign plans will be carried out until election time with the regularity of clock work.

Mr. La Follette's Schedule.

Robert La Follette, whose first week out in the state has been so successful and has won such universal praise for the able orator, will continue his work today, speaking this evening at Kenosha, tomorrow evening at Oshkosh, Wednesday at Neenah and Thursday at Green Bay. On Friday he is scheduled to make two addresses, one in the afternoon at Kewaunee and the other in the evening at Sturgeon Bay, while on Saturday his week's labor is to end at Chilton. Mr. La Follette's assignments for the week following have not been arranged.

Mr. Littlefield's Addresses.

Congressman Littlefield of Maine, who had the reputation of being a speaker of exceptional ability, is to make an address at Green Bay on the evening of Oct. 5, while on the following day, Saturday, he will visit Milwaukee. Mr. Littlefield is to speak Oct. 8 at Madison.

Speaker Henderson of the house of representatives is another whose coming will be watched with no little interest. His Milwaukee date is October 2, and the place selected is Schlitz park, where Congressman Theobald Otjen will preside. The only other Wisconsin date of Speaker Henderson is Madison, where he will speak Oct. 10.

Congressman H. A. Cooper of Racine, has written Chairman Bryant that he can be assigned for thirteen meetings throughout the state if the committee so desires. Mr. Cooper will make two addresses in the Second district and two each in the Fifth and Ninth, while the others will be scattered about the state. The dates will be decided upon this week.

LEADERS CONFER IN CHICAGO TODAY

Bryan in Consultation With the Campaign Managers—Something Important in the Council.

Chicago, Sept. 24.—[Special Telegram]—A conference of considerable moment among democratic leaders is being held here today. The early trains brought in Stone of Missouri, Millionaire Wetmore of St. Louis, Shafer of Colorado, Dave Longine of Mississippi, Shively of Indiana and O'Brien of Minnesota.

Bryan's train was two hours late. When he arrived he was hurriedly driven to national headquarters. He refused to discuss the object of his hurried trip other than to say he came to Chicago to arrange matters that could not be taken care of other than by his presence.

Shown Hanna's Cleveland interview in which the republican chairman was quoted as saying: "Bryan is making an ass of himself" and that he is "wallowing around from one thing to another trying to find safe ground to stand on." Bryan refused to discuss the interview at the present time, but stated he would have something to say in answer in the near future.

DOWIE ELDERS ARE DAUBED WITH TAR

MANSFIELD, O., MOB STRIPPED AND PAINTED THEM.

Authorities Scrape off the Paint and Provide the Victims With New Clothing—They Promise to Leave Town and Never Return—Mob Numbered Over 2,000 Persons.

Mansfield, Ohio, Sept. 24.—S. S. Moot of Lima, and Ephraim Basinger of Bluffton, elders in Dowie's Christian Catholic church, who arrived here early yesterday to hold services, were captured by a mob, stripped and painted from head to foot with smokestack varnish. They were then partially clothed and marched through the streets before the police could rescue them.

Overseer Piper, who ordered the elders here, notified Governor Nash last week that the men were coming and that they must be protected, but neglected to specify the hour at which they would arrive. The local authorities felt confident to preserve order, however, and the governor took no action in the case.

The mayor and the police officers guarded all entrances to the city during the night, expecting the men would come in under cover of darkness, but instead they arrived at 6:35 yesterday morning. Only a handful of people were present at the station, but they recognized the elders and the news spread rapidly.

Captured by the Mob

In a few moments a mob had collected and the elders were hurried out to the Richmond carriage manufactory where they were ordered to strip. Basinger promptly complied, but Moot fought his captors and was roughly handled before his clothing was torn from him.

Meanwhile the mob had procured brushes and a bucket of what is known as smokestack varnish, a substance like tar, and this was daubed over the bodies of the two elders and rubbed into their hair only their faces being spared. In the melee Elder Moot was struck over one eye and badly disfigured.

After the tarring process the men were partially dressed and marched through the streets to the residence of E. H. Leiby, a Dowie sympathizer, who had been driven from town last Sunday. The elders were ordered to get upon the porch and pray, and various members of the mob made speeches.

Rescued by the Police.

News of the disorder had reached the police station and a squad of officers charged the mob and rescued the elders. They were taken to the station where four physicians applied benzine and alcohol until the varnish was cut loose. After three hours' work the elders were clean and they were given entire new outfits of clothing, fed, escorted to the railway station and sent west on the Pennsylvania train.

The mob, which at the outset comprised about a half dozen men, grew to 2,000 by the time the elders were escorted through the streets. Solemn promises were extorted from both men that they would not return to Mansfield, but while they were under treatment at the police station both said they would come back if ordered to do so by Overseer Piper.

STEEL MILLS WILL RESUME WORK

New Scale Signed at Cincinnati, Bringing Immediate Employment to 60,000 Idle Men.

Cincinnati, Sept. 24.—Six thousand iron and steel men, who have been idle three months, will go back to work at once as a result of the signing of the yearly wage scale agreement in this city at 6:30 o'clock Saturday morning.

The conference of the Amalgamated Association of Iron and Steel Workers and of the manufacturers usually sign the wage scale agreement for the ensuing year on July 1. The past season the condition of the iron market has been so unsettled that an agreement could not be reached as readily as usual. Five conferences were held, prior to the one just closed in this city, at New York, Detroit, Indianapolis and Youngstown, all without result. The conference met here Wednesday of last week and have been steadily at work since then until final adjournment.

Saturday night they determined to sit until they came to terms or until it became clear they could not agree. An arrangement was reached in time for the fact to be made known in the Sunday morning papers, but the compact was not signed nor the details made public until the conference adjourned at 6:30 a. m.

The new wage scale is a compromise. Neither side got just what it asked for, but both are fairly well satisfied, and eager to get back to business.

RUSSIAN TROOPS GO TO TIEN TSIN

St. Petersburg, Sept. 24.—[Special Telegram]—An official messenger says De Gier's and a portion of the Russian troops have left Peking for Tien Tsin, the balance to follow when local conditions permit.

AMERICAN FARMER UNDER PROSPERITY

ESTIMATES OF HARVESTS BEING MADE AT WASHINGTON.

Figures Show That the Yield this Season Will Closely Crowd Last Year's Unparalleled Record—Corn is King Among the Cereals—Great Demand For Grains.

Washington, Sept. 25.—Over 500,000,000 bushels of wheat, nearly 800,000,000 bushels of oats and fully 2,000,000,000 bushels of corn will be the result of this season's harvesting of these cereal products in the United States. In this respect last year's unparalleled record is to be closely crowded.

The agricultural department is now receiving reports from its agents from all over the country and will be able to give the exact figures next December. The above figures have been obtained here from a collection of estimates made by experts in various parts of the country.

The figures for 1899 and 1900 are as follows, the latter estimated:

	Bushels 1900.	Bushels 1899.
Wheat.....	500,000,000	547,300,000
Oats.....	800,000,000	794,000,000
Corn.....	2,000,000,000	2,078,000,000

Great Demands for Cereals

There is a great demand for all cereals now and this is to continue or to increase from present indications. Wars and turmoils in Asia and Africa and the necessity of European nations keeping large armies affected will have an influence to hold up prices, irrespective of natural causes and market vicissitudes, such as short yields in other countries.

The brunt of the yield in cereal products, of course comes from the western and Mississippi Valley states, though New England always makes a fine showing. The people of the middle western states probably are most affected by short crops in off seasons, just as they are benefitted by such crops as this year's and last. Therefore the assertion that the farmers of the middle western states are now in better financial condition than ever before is borne out.

BOERS REPULSED AT ELAND'S RIVER

London, Sept. 24.—[Special Cablegram]—Gen. Roberts reports as follows under yesterday's date: "Erasmus commanding with two guns attacked Eland's river station yesterday. The Garrison numbering two hundred repulsed the Boers who lost eleven men. During the fight Paget captured twenty-five hundred cattle. Plumer's men also engaged the commando capturing seven hundred and fifty cattle sixteen hundred sheep."

GRAND PORTAL HAS BEEN DESTROYED

Heavy Storm Breaks Off a Piece of the Cliff That Surmounted the Marquette Curiosity.

Marquette, Mich., Sept. 24.—Word was received here today that "Grand Portal," the most striking scenic attraction of the pictured rocks on Lake Superior, has been destroyed by a north-easter.

This wonderful work of nature was 100 feet high and 170 feet broad on the water line. The cliff in which it stood arose thirty feet above the opening. A large mass of rock from the cliff fell, crushing the arch.

The cave underneath the cliff has frequently received large excursion vessels. The work of the storm is so severe that it is thought impossible to repair it.

MAYOR IS INDICTED WITH POLICEMEN

Officials of La Salle, Illinois, Come to Grief Through the Work of a Grand Jury.

La Salle, Ill., Sept. 24.—The grand jury September term returned indictments against the three most prominent officials of Spring Valley—Mayor Baxter, Chief of Police McIntosh, and City Marshal Korkill. The trio were arrested by Sheriff Hardin and taken to Princeton. There the three gave bonds to appear before the next term of the Bureau county circuit court. The mayor is charged with malfeasance in office and the police officers with having levied assessments on disreputable characters. The specific charges against the mayor are not known. The grand jury also indicted every saloonkeeper in Spring Valley for running his place of business on Sunday. This includes all members of the board of aldermen except two.

Heir to \$1,000,000 Estate.

Chief of Police Hugh Dean of Texarkana, Ark., has received a tracer from Bradford, Pa., for a young man named Dennis McNamara, who is said to be sole heir to his father's estate and is wanted in Bradford to lay claim to it. He left home several years ago and is supposed to be in the southwest somewhere, working on a railroad. The estate to which he is the heir is worth about \$1,000,000.

WERE MARRIED AT ST. JOSEPH

Two Milwaukee Couples Quietly Elope to the Greena Green.

Milwaukee, Sept. 24.—The relatives and friends of Charles Frelson and Miss Eva Brown of this city and Alfred Knoll and Miss Alvina Bruns of Sheboygan were very much surprised to learn yesterday that the two couples had been married at St. Joseph, Mich. a week ago.

Mr. Frelson is the son of Gustav Frelson, the agent of the Associated Charities here. Miss Brown has been employed as a clerk in a local dry goods store. Mr. Knoll is a medical student taking a course in the medical college here, while his bride is the daughter of Captain J. Bruns, a retired lake captain living at Sheboygan. Both couples went to St. Joseph and were married by the same minister.

Owing to the youth of all parties objections had been made to their marriage, but the young people could not wait and took advantage of the Michigan laws. The elopers will be forgiven.

STATE FEDERATION OF WOMEN'S CLUBS

It Will Meet for Three Days at Racine on November 7, 8 and 9—One Afternoon to Education.

Racine, Sept. 24.—The program of the convention which the Wisconsin State Federation of Women's clubs will hold in Racine Nov. 7, 8 and 9, while not fully complete, is still far enough along to give promise of the most interesting meeting which the clubwomen of the state have yet held. Mrs. Charles S. Morris of Berlin is chairman of the committee having the program in charge and has arranged some unusual and most attractive features.

The convention will be in session three days instead of two as usual morning sessions being given over entirely to business, such as the reports of officers and committees and the election.

The session of Wednesday afternoon, Nov. 7, will be devoted to the educational interests, the report of the state committee on education being made at that time, while brief talks on educational topics will be given by a number of well known Wisconsin clubwomen who have made a special study along these lines.

On Wednesday evening Mrs. Charlotte Perkins Stetson, the best known woman economist of the day will give an address on the rather striking topic, "Our Brains and What Ails Them."

On Thursday afternoon the session will be devoted to a discussion of club and federation interests and while most of the addresses will be by Wisconsin clubwomen Miss Helen Winslow editor of The Clubwoman, published in Boston will speak on "What the Club Should Mean." For the evening of the same day the Racine clubwomen have arranged an elaborate reception.

For Friday afternoon a symposium on "Current Literature on the Position of Woman" has been arranged. The addresses will be confined to reviews of noteworthy books and magazines of the day and a general discussion will follow, the closing number being an address by Mrs. Ella W. Peattie of Chicago on "The Trend of American Social Life."

MR. M'KINLEY WILL SPEAK AT CANTON

During Last Two Weeks of the Campaign, It Is Predicted, He Will Address Various Delegations.

Washington, Sept. 24.—President McKinley will probably make a few speeches at Canton during the last two weeks of the campaign. Before leaving Washington the president discussed this matter with his advisors here, and the prevailing opinion was that the president would find it advisable to deliver a few addresses later in the campaign. If he does he will do it at his home, speaking from his porch to visiting delegations.

The president will not make a campaign tour. He will not speak in Chicago or anywhere, save at his home. In the president's opinion a stumping tour of any sort would not be consistent with the dignity of his office.

BIG STREET FAIR AT MADISON IN OCTOBER

Two Days of Political Speaking—Effort to Get Mark Hanna and Bourke Cochrane.

Madison, Wis., Sept. 24.—Two days of political speaking is a part of the program for the street fair to be held here the third week of October. One day is to be given to the republicans and one to the democrats. It is expected that Senator M. A. Hanna will be the republican orator and that Bourke Cochrane will speak on democratic day. H. C. Adams was in Chicago Saturday conferring with the republican national committee regarding Mr. Hanna's coming, and M. J. Regan, through National Committee-man Ryan, is negotiating for the appearance of Bourke Cochrane.

Great Heat at Muscat.

The heat was so great recently at Muscat that three men belonging to the British man-of-war Cossack died from heat apoplexy while the gunboat lay at anchor at that port.

DEATH OF CAMPOS IS A LOSS TO SPAIN

FAMOUS GENERAL DIES AT HIS HOME NEAR MADRID.

Was at One Time Governor General of Cuba and Advocate of Moderate Policy in the Island—Suffered With Diabetes—Brilliant Military and Official Career.

London, Sept. 24.—Marshal Arsenio Martinez de Campos died this morning at Zarauz, near San Sebastian, Spain. He had been suffering for some time with diabetes and on Friday became suddenly worse. During the night serious complications ensued and the family telegraphed from Zarauz on the Basque coast where the gallant marshal had been spending the summer for several doctors.

Queen's Physician Sent to Him.

Queen Christina, hearing of the serious condition of the marshal sent her own physician, Dr. Candela, and later a specialist, Dr. Oroquieta. They were in consultation with a French surgeon, M. Monac, who had gone to Zarauz to attend a daughter of the marshal who had long been an invalid.

They pronounced the state of the patient hopeless and recommended that he receive the last rites of the church.

After receiving extreme unction in the presence of his relatives and nearest friends Marshal de Campos became unconscious and died at 10 o'clock this morning, aged 69 years. It is difficult to describe the painful impression caused in court and official circles at San Sebastian. The queen desired to be hourly informed of his condition.

Is a Great Loss to Spain

Marshal de Campos' death deprives the senate of its president and the army of its most famed of the five Marshals, and the monarchy and dynasty a devoted servant.

General Campos held every post the crown could confer in the colonies and at home. At the close of his life, however, he was comparatively a poor man. Premier Silveira has gone to San Sebastian tonight to attend the funeral, which takes place at Zarauz tomorrow. The Post's correspondent says that in the death of Campos the Queen Regent is deprived of her principal counselor.

Marshal Campos, known to Americans principally as the most humane Captain General Cuba ever had, is to Spain the man who put down the Carlist rebellion and who, with General Jovellar placed Alfonso XII. on the throne, and as such he will live in Spanish history.

BLAMES IMMORAL TRADERS.

Talmage Says Missionaries Are Not at Fault in China.

London, Sept. 24.—The Rev. T. De Witt Talmage has given a new theory in regard to the cause of the anti-Christian manifestations in China. He says the hatred is not due to the arrogance of missionaries, but to the disloyal foreigners who go to the Orient for the purpose of trade.

The suggestion by Chinese Minister Sir Chih Chen Lofengluh that missionaries should be banished from the Chinese Empire aroused the anger of the great American preacher. He scored the traders in the far east and branded them as the agents who had sown the seeds of hatred through the immorality of their lives.

Dr. Talmage included Americans with Europeans in his denunciation, and said that the presence of decent Christians among the heathen whom these men were corrupting was a constant menace to the debauchery of the white trader. The white trader, he said, cried "wolf" in order to detract from his depravity.

Dr. Talmage considers the United States' has acted wisely by rejecting the German vengeance proposal. He suggested, as a means of reparation, that the Chinese government be made to support the families of every missionary and every foreigner who had been murdered.

Dr. Talmage does not think that the United States will ever participate in any general war in China, though he fully recognized the necessity of remaining there until full indemnity had been extorted. He said he had no sympathy with the suggestion that the powers should use force of arms to maintain the status of Christianity in China.

Immigration to America.

ESCAPED FROM THE EVANSVILLE JAIL

THREE MEN ARRESTED FOR HOLD UP GOT AWAY.

Two of them Recaptured When Found After a Long Search Hiding in Corn Shocks—The Third Slipped out in the Darkness—How they Managed to Escape.

Evansville, Sept. 24.—The three men arrested here Saturday for the hold-up as reported in The Gazette, broke out of our city lock-up in the afternoon. They were put in about 11:40 a. m. Their dinner was taken to them about 1:15 p. m. at 3:45 p. m. Officer Gillman went down to see if everything was all right when he discovered they had gone.

There is a small window opening into the room where the furnace that heats the lock-up is kept, that is heavily grated. They worked at one of the bars until they got it out. Then the supposition is, they blanketed the grated door to the cell to muffle the sound and with the bar jammed the back of the lock out and then pried the lock out. Outside of the grated door is a common door with glass in it which is shut when cold to keep the cell warm and of course is left open in warm weather.

This outside door was shut and locked. They then after getting through the grated door kicked out the glass in the outside door, then they went up a pair of stairs and opened a window about 10 or 12 feet from the ground and jumped out. This window opens out on Madison street, which is usually a busy street especially on Saturday. Nobody saw them jump out of the window. The officers therefore had no clue to start with. Finally a lady that lives across the street from the city hall said she saw three men standing in front of the hall talking. They separated, one going south on Madison street and two going west on Church.

Officer Broughton went west out to the fair grounds and two boys said they saw two men start to come into the grounds but upon seeing them they turned around and went back.

Special Officer Mihills who took the south track interviewed a lady who saw two men walking over in a field back of the fair grounds, and that they went into a large corn field which had been partly cut and shocked.

Officers Broughton and Mihills met at this cornfield both having tracked them that far. They telephoned to Officer Gillman who had been telephoning to surrounding towns and then gone in another direction to come to the fair grounds and bring five or six men which he did at once.

It was rapidly getting dark it now being about 8:00 p. m. After placing the searching party in skirmish order and scouring the heavy corn field and examining the shocks of corn without meeting with any success, a small cur dog that belongs to the farmer who owns the farm commenced to bark around a corn shock. Mihills went over and kicked into the shock and kicked one of the fellows in the jaw. Mihills immediately commanded him to come out, which he did. He was handcuffed and the search renewed for the other fellow.

After examining the remaining shocks Chief Broughton went back to the shock where No. 1 was pulled out and felt in and found No. 2 in there. He was yanked out and handcuffed to No. 1.

Broughton and Gillman took them to Janesville on the 7:00 o'clock passenger and landed them in the county jail. No. 3 escaped and has not been heard of, but the two that were captured were the principal ones.

They are smooth crooks. After they got the bar out of the window they took a broom handle and tore the black lining out of one of their coats and twisted it around the broom handle and stuck it up in the window as a dummy. One couldn't tell the difference unless it was scrutinized very closely as the window was in a rather dark corner.

The two tramps arrested by Marshal Cal. Broughton of Evansville, and brought to the Rock county jail Saturday night for safe keeping, were taken to Portage this morning, by the under sheriff of Columbus county. They will have an examination for robbery. They were not booked here on any charge. One of them gave his name as Frank Paige, which the officers think is an assumed one.

PARTY AT GOLF CLUB HOUSE

Miss Blanche Sweeney Entertains in Honor of Miss Brown of Omaha.

Miss Blanche Sweeney daughter of Mr. and Mrs. J. F. Sweeney gave a party at the Golf club house Saturday evening in honor of Miss Brown of Omaha who is the guest of Miss Sweeney. About sixty young people enjoyed the hospitality of Miss Sweeney. The evening was spent in dancing. Smith's orchestra furnished the music and added much to the pleasure of the entertainment. Light refreshments were served and Mr. and Mrs. J. F. Sweeney and Mrs. J. F. Pember chaperoned the party.

Cleanest in America.

The Lackawanna Railroad is the cleanest railroad in America. Even though it cared little for the comfort of its passengers, which it does, it probably would burn hard coal, for the reason that it owns the most extensive anthracite coal mines in Pennsylvania, and it is cheaper for it to burn hard coal, which makes no smoke, than soft. At any rate, there is no smoke from its locomotives. It is built for the most part through the mountains where rock is the material easiest of access, and its road-bed for that reason is rock ballasted. There is therefore, no dust. These two things are of unusual interest to the traveler by the line, for the reason that on no other road in the United States is there stronger incentive to keep one's eyes upon the passing scene. It is said of this line truthfully that every mile is picturesque. It traverses the agricultural region of Western New York, the valley region of Central New York, the mountain region of Pennsylvania and New Jersey, and every mile offers a view that is beautiful, interesting and entrancing. In point of comfort its passengers are particularly fortunate, for, in addition to there being no smoke or dust, the cars are roomy and scrupulously clean. Sleeping cars, parlor cars and dining cars offer all the convenience and comforts of modern travel.

The Saturday Evening Post

For September 29 is a special double number. The plan of the Saturday Evening Post is to give each week a magazine of the best current literature that will be equal in literary quality and illustration to the monthlies. The cover of this double number is by Gibbs, and is in color. The opening feature is the first installment of Gilbert Parker's new serial, "The Lane that Had No Turning." Those who have read this story pronounce it the strongest work that Mr. Parker has yet done. United States Senator Albert J. Beveridge of Indiana, has a brilliant paper on Facing the World at Fifty, in which he marshals an imposing array of successes after the half century mark has been passed. Major James B. Pond contributes two pages of reminiscences of Mark Twain, giving for the first time letters and anecdotes referring to his last lecture tour across the American continent. The short fiction of the number includes complete stories by Ian, MacLaren, Lilian Quiller Couch, Gertrude F. Lynch, and Madeline Bridges. Honorable Camp Clarke has a lively article on Stumping in Old Missouri. There are installments of Moosa of the Boundaries W. A. Graser's animal story and of "The Eagle's Heart," Hamlin Garland's novel of the far West.

The great success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowel complaints has made its standard over the greater part of the civilized world. For sale by Smith's Pharmacy next to post office, kodak agents.

Everybody's Magazine

Rudyard Kipling's new story is the principal feature of Everybody's Magazine for October. "A Burgher of the Free State" portrays the scenes immediately before and after the capture of Bloemfontein by the British, and the old Scotchman, who has been a burger of the Free State for over forty years, throws much light on the true situation in South Africa. "How Does It Feel To Be Baked Alive?" is the title of another article which answers that question. Stuart Robson continues his delightful memoirs of fifty years of his busy life and relates many anecdotes of well known people. Besides the Kipling story, the magazine contains several very interesting short stories. The illustrations are particularly good and plentiful.

FOOTBALL IS THE ABSORBING TOPIC

INFLUX OF STUDENTS AT MADISON IS ON EARNEST.

Tomorrow and Wednesday are Registration Days and on Thursday Morning; the Regular Recitations and Lectures Will Begin—New Heavy Man Arrives for the Team.

Madison, Sept. 24.—[Special]—The annual influx of students began in earnest today. For the past week small numbers have been dropping in, but today all incoming trains have brought crowds of enthusiastic young men and women, ready to resume their studies in the University. Unpacking luggage and decorating the college "den" is the order of the day.

Tomorrow and Wednesday are registration days, and on Thursday morning the regular recitation and lectures will begin.

On the campus, football is the absorbing topic. Forty-six candidates have already reported, and the number will undoubtedly be swelled to sixty before the end of the week. The men are generally heavier, and appear to have more "football sense" than the squad at the beginning of the training season last year.

J. P. Riordan, captain and guard of the '97 team, is coaching the candidates for the guard positions. "Jere" is eligible under the intercollegiate rules to play another year, but stoutly maintains that he will not try for a place on the team. The wise ones, however, declare that when the big game came off the big ex captain will be seen back at his old place in the line.

A new heavy man arrived Saturday in the person of Webster who weighs 205 pounds and stands 6 feet 6 inches in his stockings. Webster played guard on the strong Englewood high school team of last year. He was also the champion shot putter of the last Illinois interscholastic field meet, having established a new record in that event by hurling the twelve pound weight forty-four feet.

In the game against the Madison high school team Saturday afternoon Coach Phil King gave fully two dozen varsity candidates a trial. Although the high school youngsters held the big mon down to a single touch down the coaches appear to be fairly well pleased with the work done by the varsity men.

McClure's for October

Especially interest will attach to a special article in the campaign number of McClure's Magazine, entitled, "The Strategy of National Campaigns." This article in the October issue will describe some of the most striking strategic measures adopted by presidential campaign leaders during the past twenty-five years.

Dr. A. Conan Doyle will write in the October McClure's on "Some Lessons of the War," in which he takes up the various branches of the service in the South African war and criticizes their last struggle as well as the general system governing the British army.

"The Horse Thief" is the title of a story by E. Hough which will appear in the October number of McClure's. It tells how four western ranchmen, as they innocently would have put it, attempted to "run off a bunch" of several hundred horses "up to Montana." "The way to run off a bunch of horses," according to the story, "is to start 'em good and fast, and keep 'em a-goin'."

The work of Mr. Walter Glackens for the magazines has attracted much attention of late, and his illustrations to Santa Claus's Partner" by Thomas Nelson Page, published last year, made it one of the most attractive books of the season. Mr. Glackens will illustrate a quaint, charmingly told love story in the October McClure's entitled "The Lady with the Waterfall."

American Prospectors Returned.

San Francisco, Cal., Sept. 24.—Mail advices from the Orient give details of the murder of J. Lorey, R. Springfield, and D. Roberts, three American prospectors, by Filipinos on Batan island. The men were on a search for gold deposits believed to exist on the island, the largest of the group.

The three were apparently ambushed by 200 natives, who closed in upon them, throwing their spears by the hundreds. The men fought desperately against tremendous odds. They were armed with repeating rifles and killed twenty natives.

A VERY PLEASANT LUNCHEON

Miss Katherine Smith gave a very pleasant luncheon at her home 6 St. Lawrence Place, Saturday evening in honor of Miss Jennie Baker. The guests were the young lady friends of Miss Baker and members of the R. Y. G. club. The luncheon was held in the dining room, the dining table being handsomely decorated with carnations. The tempting luncheon was served in five courses under the supervision of Mrs. F. L. Smith and Mrs. H. G. Carter. The seat of honor at the head of the table was occupied by Miss Baker.

After the luncheon the evening was pleasantly spent in playing six hand euchre, Miss Agnes Shumway winning the prize.

WONDERFUL CURE OF DIARRHOEA
A Prominent Virginia Editor Had Almost Given Up, But Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy—Read His Editorial.

[From the Times, Hillsboro, Va.]
I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of these troubles, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. Mr. Abbey is a universal favorite with the employees of the road and they regret very much that he is to leave the city.

STRANGE KANSAS SECT.

Band of Religionists Who Claim
Baptism by Fire.

ARE KNOWN AS "FIREBRANDS."

Quiet Farmers Near Abilene Greatly
Stirred Over New Movement—Evangelists
Driven Out by Violent
Means—Some of the "River" Brethren
Alarmed at Their Growth.

"Fire, fire, fire! Bless you, brother!" was a cry that startled the townspeople one afternoon a few months ago, says the Abilene (Kan.) correspondent of the Chicago Record, writing under the date of Sept. 7. A soberly dressed farmer, wearing the plain suit and long hair of the Quakerlike sect of river brethren, met another of the same appearance and this was their greeting. Afterward came other experiences when a young woman in river brother garb came to town and, going from store to store, declared in a despairing voice:

"Beware! Abilene will be destroyed in 90 days."

One day a young man, having had his abundant locks trimmed in a barber shop, arose from the chair and stepping to the middle of the floor announced to the crowd in waiting, "I feel called on to say that I have been baptized by fire and am saved." Then he put on his coat and went out.

These were but manifestations of a new movement that has caused the staid river brethren more uneasiness than anything that has occurred in all their religious life, even from the early part of the century, when they settled on the banks of the Susquehanna, in Pennsylvania, and began to worship in their own way without restraint. And, by the way, that was how they acquired their title, for they were "river" brethren, as distinguished from other members of their sect, Brethren of Christ, who lived among the hills.

This new form of religious zeal is the product of somewhat sensational preaching by leaders of the so called Fire Baptized Association, or, as they are familiarly known, the "Firebrands," and it is the first schism that has occurred in the river brethren denomination. It has worried the elders. Said one grave faced brother, shaking his abundant beard and locks, "We hardly know what to make of it, but we abide in faith and think it will come out all right."

The "Firebrands" began with the coming to central Kansas of an evangelist, B. H. Irwin, from Iowa, two years ago. He was taken in by the river brethren, and they accepted his doctrines, which were of the utmost perfection through faith. Finally he undertook to change their form of dress, and they objected. Then he started meetings of his own and preached the fire doctrine. He held that the fire of inspiration came to the believers, and his meetings abounded in trances, screaming and other exhibitions of the "power." Long after midnight, night after night, the little band prayed and testified, all the time growing in numbers. Finally Irwin advised all the members to sell their hogs, as they were unclean beasts, and he was obeyed. A score of farmers took their swine to market at a great loss. He also attempted to cure by laying on of hands and found some patients who thought they were helped. One man declared he was cured of a sort of palsy, but he was as bad as ever the next day. One farmer "believed" and was pronounced cured of consumption, but he died in a few months.

Irwin returned last fall with a big tent and two assistant preachers and opened meetings with greater zeal than before. The excitement drew people from a score of miles distant, and on Sunday thousands gathered. The service consisted of sermons, shouting and exhibitions of the "power." Communicants jumped up and down for a half hour at a time, screaming praises to God. Some went into trances. Those Irwin allowed none to touch. In his address he abused the river brethren, their form of dress and customs, pointing them out in the congregation and calling them by name. Never in the history of this county has there been so strange and wild preaching as that, and the people wondered how it would end if the excitement continued to grow. They speedily found out.

A party of young farmers, whose parents, friends and sweethearts had been maligned by Irwin and his associates, surrounded the tent one moonlight night. Suddenly they cut the ropes and rushed for the preachers. They caught two of them, but Irwin, amid the confusion, darkness and fright of the congregation, escaped. The captives were taken to a stock tank near by. The windmill, driven by the prairie breeze, had filled it with clear, cold water.

"In with 'em, boys!" cried a stalwart youth.

"Oue, two, three!" Splash, splash! The evangelists were ducked three times and then allowed to go. Irwin had already secured a horse and was far away. The others followed, and no more camp meetings were held in that town. Irwin went to Colorado, and no more has been heard of him. The others went to Pennsylvania and attacked in a series of addresses the river brethren near Chambersburg, Pa., until they were driven out of that section. One youth, Harry Solonberger, went to Philadelphia and started an orphanage wherein healing was to be by faith and laying on of hands alone. One or two children died, and he was arrested. A girl, Martha Zook, entered the home of an uncle in Illinois, also a healer of this faith, and died of diphtheria in spite of the brethren's prayers.

Two weeks ago another company of

evangelists came back to this county and began a series of meetings in the old place. Their preaching waxed louder and louder, and one night a number of young men gathered with eggs and prepared for an attack. They were arrested and brought here to jail, but released later. Then others in the neighborhood were aroused, and they served notice on the "Firebrands" to quit, and they did. It is a peculiarity of the sect that its members believe that they are incapable of any sin, and hence are absolutely removed from all temptations of the world. Many wear Scripture texts on their hats, and they make pretense of following the established rules of the old river brethren sect as to dress.

One of the notable converts is Mrs. Annie Brechlin, a wealthy woman, who has given of her property and strength to the cause. She believes in the new faith implicitly and claims that she has been cured of consumption by means of faith and laying on of hands. She is prosperous as a farmer and gives liberally to spreading the new gospel.

Some of the river brethren are alarmed at the growth of the "Firebrands," as they think the more sensational doctrine will win the young people and will weaken the church. They look on the radical element with much disfavor and have formally renounced all connection therewith as a matter of church policy. The persecution, however, does not dishearten the local enthusiasts, and they hold their meetings in private residences—the comfortable river brethren houses, built when the adherents were firm in the old faith—and will doubtless continue to do so. Their outdoor meetings are sometimes held on the streets, and on Saturday afternoons on the street in this city a little group of praying and singing men and women attempts to hold the attention of the busy farmers who are in on shopping expeditions. They get small audiences, however, but are not discouraged and keep up their efforts regardless of the unfavorable surroundings.

When the onions are a nice golden brown, add half a teaspoonful of salt and a dash of pepper and stand on the back of the stove to keep hot. His Wife Insisted

And he thought he'd humor her, no doubt. The result shows that a man rarely loses by following his wife's advice. Those who suffer from obstinate cough, bronchitis, weak lungs and ailments in general which tend to consumption, will find speedy relief and perfect cure in the use of Dr. Pierce's Golden Medical Discovery. It cures ninety-eight per cent. of those who give it a fair and faithful trial. It purifies the blood, heals the lungs and builds up the body with firm flesh instead of flabby fat. The "Discovery" contains no alcohol, neither opium, cocaine, nor other narcotics.

"Only for Dr. Pierce's Golden Medical Discovery I think I would be in my grave to-day," writes Mr. Moses Miles, of Hilliard, Ohio Co., Youngs. "I had asthma so bad I could not sleep at night and was compelled to give up work. It affected my lungs so that I coughed all the time, both day and night. My friends all thought I had consumption. My wife had taken Dr. Pierce's Favorite Prescription, and it had helped her so much she insisted on my trying his 'Golden Medical Discovery'—which I have taken four bottles and am now a well man, weighing 185 pounds, thanks to Dr. Pierce's Golden Medical Discovery. I would like you to print this testimony as it may help some other poor sufferer."

Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumigations, snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 66 Warren St., N. Y.

The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

SENATOR STEWART SPEAKS

Senator Stewart of Nevada, who was one of Bryan's chief managers in 1896, uses caustic language in referring to the part the democratic candidate is now playing. In an interview Senator Stewart spoke as follows:

"Aguinaldo's representative, William Jennings Bryan, can not be elected president of the United States. It is a case of Aguinaldo against McKinley. There is no question as to the decision. The American people will render. I'll make the same sort of speeches I made in 1894," he continued, "when the democrats were trying to end the rebellion—when they were hampering the arms of the administration. The issue is the same now. The democrats are back at their old tricks. Conditions in the east. Why McKinley will carry everything. The loyal men of the east will see that Aguinaldo's representative is not elected."

On his arrival in Nevada Senator Stewart will take the stump for McKinley, and will cover the whole state, his tour to last until election day.

The Hon. Mrs. Lease is respectfully asked to explain how The Hon. Adlai Stevenson can be "a nice old gentleman" and "a copperhead from way back" at one and the same time. Evidently there is something wrong with one or the other of these patriots.

And perhaps it would be well to remind our democratic friends that there is no tariff on coal. Yet the coal trust does as it pleases. What say you, Mr. Bryan?

Mr. LaFollette's speech at Manitowoc was heard by a large and enthusiastic audience. There is no lack of interest in the republican cause this year.

Clear the body of the ship of its accumulated drags and it will fairly jump out of the water.

You made a mistake, boys, in not carrying out your promises.

Now there is only one thing that can be done.

Drop a nickel in the slot. If you lose, keep still—for if you don't you

will probably get that which was accorded the "honest hardworking" colored man "who was looking for work and had been in Janesville off and on for years."

Turn the rascals out.

Right forward!

Fours right!

March!

The committee appointed for the social are Mrs. Marvin Downing, Mrs. J. K. Lynd, Mrs. Will Garrigue and Miss Mabel Ward.

The little daughter of Mr. and Mrs. George Hayden has been quite sick and under the doctor's care but is now better.

The store at the station owned by J. K. Lynd has been moved from the corner farther west to make room for a new store which will be built we understand in the near future.

Farmers in this vicinity have finished sowing their rye and most of the threshing out the shock early in the season. Corn is all in the shock and many are husking. The corn through here is the best in years.

Miss Ella Edwards has returned to her home in Magnolia after spending a week with her aunt, Mrs. Will Garrigue.

Ladies Home Journal.

A score of writers and artists contribute to the October Ladies' Home Journal, and the issue is one of commanding excellence. The number opens with "The Story of a young man," which, portraying Jesus as a man, and viewing him in the light of his humanity, fills a unique and unoccupied place in literature. The first of "A Story of Beautiful Women" tells of the romance of an American girl who married a Bonaparte, and a series of stirring adventures are narrated in the first of the "Blue River Bear Stories," by the author of "When Knightland was in Flower." Mrs. Elizabeth Phelps's new novel, "The Successors of Mary the First," which has to do with domestic and suburban life and is exceedingly funny, is begun in the October Journal. Edward Bok arraigns the Pulman Palace Car Company for teaching false standards of decorative art. Of the special features of interest are: "The Longings of a Secured Girl," "A Minister Among the Cowboys," "Romances of Some Southern Homes," "How We Can Lead a Simple Life," and "Criticism of the Clothes of the Minister's Family." "A Georgian House for \$7,000" and "A Farmhouse for \$3,500" are given, with building plans and details, and "A Successful Country Home" pictures the exterior and interior of a house of log construction. By the Curtis Publishing Company, Philadelphia. One dollar a year; ten cents a copy.

Were Early Historians.

The Chinese are remarkable as a nation for their carefully preserved historical annals, even from the most remote period of antiquity. The first mention of pottery is found in the reign of Emperor Hoangti in 2698 before the Christian era. Porcelain was made under the Han dynasty, 18 B. C., at least 1,600 years before it was known to the western countries of the globe.

Studying Hawaiian Sugar Industry.

Prof. William C. Stubbs, director of the Audubon experiment station in Louisiana, has gone to Hawaii as a representative of the agricultural department, to make a study of the sugar industry on the islands, and to establish a government experiment station there.

If the Hon. Richard T. Bland were alive, he would be outspoken in his denunciation of the efforts of the Democratic campaign managers to scuttle the financial plank of their own platform.

Five Owners Not Backing Bryan? When Senator Clark, the wealthiest mine owner in the United States if not in the world, contributes \$100,000 to the Democratic campaign fund and agrees to bear all the expenses of the campaign in his own state of Montana, it is pretty hard to persuade the people that the mine owners are not backing Bryan in his efforts to give a substantial impetus to 16 to 1. Had some trust magnate or manufacturer given to the Republican committee \$100,000, what a Democratic howl there would have been!

The Texas Populists complain that the Democrats steal their campaign thunder. The Kansas City platform is conclusive evidence on this point.

An Era of Free Trade.

Bryan invites the support of the traveling men of the country on a platform which promises to bust the trusts and inaugurate another era of free trade. This would result in the traveling men of England, France and Germany selling foreign goods to the merchants who now purchase home-made articles.

Some recent events have tended to take the barbed wire edges off the word "utilitarianism."

A Democratic Bolter.

"I was a Democrat and a bolter in 1894," declares the Hon. Thomas M. Waller of Connecticut, "and as the situation has not changed I am a Democrat and a bolter still." The Democratic editors have devoted many columns to subject failures to answer this Connecticut Democrat.

Shrewd Croker.

Mr. Croker has instructed the Tammany cronies to appeal to the young men. He evidently hopes to make headway with those who don't have to pay the ice bills.

Pleasure the Foreigners.

Foreign shipping representatives in the United States and their principals abroad are elated at the antishipping bill expression in the Democratic national platform.

MARKESON HAD A NARROW ESCAPE

FOUND NEARLY DEAD IN A
ROOM FULL OF GAS.

Boarder at the Windsor Hotel Rescued
From Death by Asphyxiation Just in
the Nick of Time—Either Blew
Out or Turned Out the Gas Last
Night.

Peter Markeson, a boarder at the Windsor Hotel had a narrow escape from accidental death by asphyxiation by illuminating gas Saturday night. Markeson went to his room. Saturday night about twelve o'clock and when he retired turned the gas on, and turned it on again or else blew it out as the gas was coming out of the burner at full head when the room was entered yesterday morning.

Chas. L. Gums, the proprietor of the Windsor Hotel, went up stairs Sunday morning about 9:30 o'clock after a blanket. He detected the smell of gas in the hall and immediately commenced to search for the leak. He examined all the burners in the halls and found them all right and then commenced a systematic search of the different rooms.

When he reached the vicinity of Markeson's room the smell was much stronger. There were two rooms adjoining Markeson's that were occupied and Mr. Gums had no trouble in arousing the occupants, but when he tried to arouse Markeson he could get no response.

He pounded on the door and called to him a number of times, but could get no reply. He finally brought a step ladder, with which he could look over the transom. When he looked into the room Markeson was lying on the bed and a ball of froth as large as a man's fist had run out of his mouth. A flood of gas that was stifling rushed out into the hall. Gums immediately opened the windows to let in some air and tried to rouse Markeson, but could do nothing with him. He then summoned a physician, and Dr. Fifeid soon arrived, and later Dr. Farnsworth. They found Markeson about gone, and had very little hope of saving him when they first started in, but by working over him all day they finally got him out of danger, but he did not regain consciousness until in the night.

He is resting much easier today, but still does not realize what has occurred. Had he been left a short time longer he would have been beyond all help, and as it was it was a question for a time whether he would live or not.

The greater portion of these callers are residents of Janesville. Fully three hundred of this number paid the regular price of \$1 each. The others took advantage of the fifty cent reduction. Mr. and Mrs. Gray have suddenly left for Milwaukee, it is said, enriched to a considerable extent as the result of their visit to the Bower City.

WAUKESHA MAN IN HOSPITAL

Dr. Herbert N. Warren Taken to an Alcoholic Ward in New York

New York, Sept. 23.—A middle aged man was taken in a cab to Bellevue hospital today by two friends, who asked his detention in the alcoholic ward for a time. The patient told Dr. Ducir, who took charge of him, that he was Dr. Herbert N. Warren, a guest at the Hoffman house. His father, he said, is J. H. Warren of Waukesha, Wis. At the Hoffman house it was said that Warren had not been there since the 13th of the month. He has been a frequent guest of the Hoffman house for a number of years, and is heavily interested in certain western mining properties. He is known at the hotel as a friend of United States Senator John P. Jones of Nevada.

Dr. Warren is well known in this city, having formerly resided here. His father, mother and sisters lived here many years, and are now living in Waukesha.

Forewarned, Forearmed.

The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For then all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously. A healthy, active circulation means good digestion and strong, healthy nerves. As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs. No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

Mr. E. E. Kelly, of Urbana, O., writes: "I had Eczema on my hands and face for five years. It would break out in little white pustules, crusts would form and drop off, leaving the skin red and inflamed. The doctors did me no good. I used all the medicated soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Siegfried, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., writes for years with Boils. Two bottles of S. S. S. put his blood in good condition and the Boils disappeared.
